

**The Map Your Neighborhood (MYN) program empowers neighborhoods to prepare for emergencies and disaster situations. The program helps save lives, reduces the severity of injuries and trauma, and reduces property damage. In addition, working together as a team and contributing as an individual develops stronger communities and improves the quality of life in the community. There is no cost to attend this training .**

**The MYN program was developed by Dr. LuAnn Johnson (Public Education Program Manager) from Washington State and is a simple 9 step program that is taught in one 90 minute session. The HBNW adopted this program in early 2008 as the official disaster prep training program for use in conjunction with the Neighborhood Watch program.**

**Contact your Block Captain or the Hermosa Beach Neighborhood Watch coordinator Tracy Hopkins by email at [Tracy@saferhermosabeach.com](mailto:Tracy@saferhermosabeach.com) if you are interested in scheduling a training.**
